1. The slow-down regulations issued by the Halle railroad headquarters showed that the second track on the Aschersleben (M 52/D 55)-Froese (M 52/D 46),* and the Bernburg (M 52/D 76) - Waldau (M 52/D 76)** line sections was opened.

* [] The reconstruction of the second track was reported previously.

** [] Comment. The reconstruction of the second track on this line is reported for the first time. It is believed to be correct. The section concerned is a 5-km stretch of the Aschersleben-Koethen-Deasau trunk line, the second track of which was dismantled. The line is of great importance as a section of an East-West route.
